## I Can Hear Your Voice

I'm in the river that flows from Your throne  
Water of life, water of life  
It covers me and I breathe again  
Your love is breath to my soul

*Chorus:*

*I can hear Your voice as You sing over me  
It's Your song of hope breathing life into me  
I can feel Your touch as I come close to You  
And it heals my heart, You restore and renew*

I'm in the river that flows from Your throne  
Water of life, water of life  
It covers me and I breathe again  
Your love is breath to my soul

*Chorus*

I can feel Your touch as I come close to You  
And it heals my heart, You restore and renew
